Pranic Applications

**PRANIC HEALING®** is a comprehensive system of integrated energy based healing techniques that utilizes prana to facilitate the body’s innate ability to heal. Developed by Master Choa Kok Sui, it is a synthesis of the world’s most effective healing strategies.

This course provides both theory and practice, preparing students to confidently interact with subtle energy to promote health and well-being. Emphasis will be given to the application and integration of these techniques within professional and health practices. In this course you will learn:

- Principles of self-recovery and life force
- Energy anatomy (aura, meridians, and chakras)
- Methods to assess the condition of the energy field
- Step-by-step applications for correcting energy imbalances associated with pain, stress, and common physical ailments
- Principles and techniques for self-healing, long-distance healing and simple stress management
- Techniques to recharge your body
- Facilitating health through prayer and meditation
- Energetic hygiene for practitioners and their environment
- Applications for professional and health care practice
